

Level Up with Google Geekiness!

October 10, 2018—Level 1

December 5, 2018—Level 2

February 7, 2019—Level 3

May 2, 2019—Level 4

Whether you're a 1:1 district or a shared-device school, we need to embrace and integrate technology to make us more effective and efficient in the classroom--and to ensure that we meet our learners where they are. As more schools "go Google," we need to rethink how we teach, how we adapt, and how we innovate; in this case, specifically, how we innovate within the G-Suite framework: Docs, Sheets, Slides, Drawings, Forms, Classroom, and others.

- **Level 1: Basics**—This workshop is for users with little to no experience with Google tools who want to learn the essentials of G-Suite apps.
- **Level 2: Hacks** - This workshop is for users who understand the basics of Google apps but want to utilize the numerous (and sometimes unknown) tools, extensions, and add-ons that make life (and learning) easier.
- **Level 3: Collaboration**- This workshop is for experienced G-Suite users who want to kick their instruction up a notch by exploring Google's collaborative in-app features to create engaging and productive lessons and projects for students.
- **Level 4: Creativity** - This workshop is for experienced G-Suite users looking to modify and redefine teaching and learning by exploring and applying Google apps for high-level creation.

Facilitated by:

Stephanie DeMichele, Instructional Technology Consultant,
Educational Service Center of
Northeast Ohio

Times:

9:00 AM—3:30 PM Course
(8:30 AM—9:00 AM
Registration)

Cost:

\$50.00 per session.

Lunch will be on your own.

Registration:

www.escneo.org; click on professional development/ calendar of events.

Graduate Credit:

Attend two or more sessions and 1 semester hours will be available at a reduced rate for purchase.
