

VIRTUAL OPES

Ohio Principal Evaluation System

The Ohio Department of Education has granted permission to ESCs to redesign Ohio Principal Evaluation System (OPES) Training to make it available virtually. This online course is asynchronous and self-paced; all required coursework must be submitted within the designated 2-week session window.

The asynchronous OTES 1.0 learning modules have been designed to foster the professional growth of principals in knowledge, skills, and practice. The model provides tools for assessing and monitoring leadership performance. It is recommended that there be consistency in the use of the components employed across all principals in the district.
