Best Practices

Quick ideas to help your students of military feel welcomed -

- November - invite Military families and local veterans to a football or basketball game. Say a quick word of thank you at half time!
- April - have your student council write a thank you card to the students of military families for Children of Military Month. Have breakfast for them.
- May - Military Appreciation Month - have student council or group - plan an event. Also, recognize your seniors that will be going to the military.
- Who is the military contact in your district??
