

2024-2025 NEO Regional Prisms VR Network

The NEO Regional Prisms VR Network meets twice during each school year for half-day collaborations at the ESCNEO. The audience consists of Mathematics educators, Science educators, and curriculum specialists who want to stay abreast of new content in Prisms VR modules, share lessons learned in classroom implementation, explore the student experiences and teacher dashboards, and access the proliferating ancillary lesson resources. Experts from Prisms VR will be available once a year to answer questions, one face-to-face and one virtually. Middle school Math and Advanced Math modules were released in January and February 2023. By the end of the summer 2023, there will be new modules in middle-school and high-school Science (Biology, Chemistry, and Physics), so Science educators will become part of this interactive network for the 2023 - 2024 school year. By the Autumn of 2024, Prisms VR modules will encompass middle-school Math and Science, Algebra 1, Geometry, Advanced Algebra, Biology, and Chemistry.

Meetings

8:00 AM - 12:00 PM (Network)

12:00 PM - 3:30 PM (Training)

October 30, 2024 & May 12, 2025

**Advance Registration is
requested**
