## Classroom News

Kathy T's class took a field trip to Tower City on December 6th. The students enjoyed all the Christmas decorations and had fun eating a variety of foods in the food court. A week later, they walked to Sokolowski's for their much loved Polish style lunch.

On Friday afternoons when the weather permits, Julie's class gathers all the recyclable trash throughout the school, loads them up on the wagons, and walks over to the recycling bins located a few blocks from the school.

On December 21st, Santa came to visit all the students in the school. Each class came down to see him individually. Santa had a special gift for each student and helped them open their gifts.

## Looking forward...

February 15—Staff only (no students)

February 18—President's Day (no school)

March 22—Graduation 1:30 pm

March 25 through April 1—Spring break; Easter Holiday

April 26—No School

In our last issue, we forgot to welcome one of our most important staff, the school nurse. Because Asiyah has worked at the Rose-Mary Center Residential, she is very familiar with many of the students. She has her RN degree and brings a wealth of knowledge to the position. Asiyah has been such a pleasure to work with. She is always smiling, so professional, ready to help staff, students and parents and we are so lucky to have her here in our school program. **Welcome Asiyah!**

Kathy T. was in Pasadena, California for the Parade of Roses during the holiday break. She toured the floats, saw the parade and went sight-seeing in the area. Her favorite float is pictured here, created by people from a little town called Sierra Madre. This year's theme was "Sky's the Limit". Of the last eight years' entries, they have won 7 awards for their float designs.
