

Treasurer of Record Services

Shared Services Alliance (SSA) offers short- and long-term treasurer of record services for public schools, community schools and educational service centers across Ohio. Our team of licensed treasurers can assist with operational efficiency, compliance with regulatory standards, and overall financial health of educational institutions. We can offer a stable and prosperous financial environment conducive to achieving academic excellence.

OPERATIONAL EFFICIENCY

SSA provides a centralized approach to managing funds, ensuring consistency in financial practices across the entire district.

By delegating financial tasks to our dedicated team, school administrators can focus more on educational objectives rather than financial intricacies.

SSA offers comprehensive reporting capabilities, allowing for real-time tracking of financial data and more informed decision-making.

REGULATORY COMPLIANCE

The SSA team is well-versed in state and federal financial regulations, ensuring that school districts remain compliant.

With systematic record-keeping and transparent financial operations, NCSSA prepares school districts for smooth and successful audits.

FINANCIAL HEALTH

SSA assists in creating budgets that align with the district's goals while maintaining fiscal prudence.

SSA assists with enhanced revenue management with effective management of revenue streams, including grants and donations, is facilitated by our team, maximizing available resources.
