

FUNDATIONS® LEVEL 2 LAUNCH WORKSHOP FEBRUARY 23, 2023

Prevention and Early Intervention Instruction for Grades K- 3

Fundations® provides a research-based supplemental (Tier 1) and intervention (Tier 2) program for students in kindergarten through third grade. Each workshop addresses a specific level (K, 1, 2, or 3). The Fundations Level Workshop provides a practical, how-to overview of the Fundations program. This five-hour workshop prepares teachers beginning to use the program and is also appropriate for reading support personnel.

Upon the completion of the course, participants will be able to:

- Identify the skills taught in Fundations: phonics and word study; vocabulary; high frequency/trick words; fluency; comprehension strategies; handwriting, spelling, and punctuation.
- Understand the principles of instruction: explicit, sequential, and cumulative instruction that engages multiple learning modalities with multisensory instruction, repetition, and immediate, specific feedback.
- Identify and understand the use for all materials in the Fundations Teacher's Kit and have a sense of how to find and use the many extended resources available on the Prevention/Early Intervention Learning Community for Fundations (membership included with participation in this workshop).
- Use the Teacher's Manual to prepare a daily learning plan and practice lesson activity procedures.
- Visualize the flow and pace of a full Fundations lesson completed with fidelity.
