

Child Outcomes Summary Training

Wednesday, February 22, 2017

Part 1, 9 a.m.—12 p.m.; Part 2, 1 p.m.—4 p.m.

Child Outcomes Summary Training -Part 1 (3 hrs.)

Child Outcomes Summary (COS) training-Part 1 provides an introduction to the COS process, how to describe children's functioning in the three outcome areas, and explore the five areas of essential knowledge that teams need to have for completing the COS process. In this session, you will gain an understanding of

- Why outcomes data are collected and their importance for program improvement;
- The three child outcomes, including content;
- Child's functioning across settings and situations;
- Age-expected child development;
- The key features of a COS process;
- Age expectations for child functioning within the family's culture; and
- How to use the rating scale.

Child Outcomes Summary Training -Part 2 (3 hrs.)

Child Outcomes Summary (COS) training-Part 2 will review key features of the Child Outcomes Summary (COS) process and required information to successfully complete the process. Participants will complete application activities and explore the requirements and resources specific to state policies about collecting child outcomes data. In this session, you will gain an understanding of

- When to complete the COS process;
- Utilizing the decision tree, a tool to help distinguish between the ratings;
- How the 7-point scale is related to age-expected functioning;
- How to complete required forms;
- Effective COS teaming practices and how they lead to accurate ratings;
- How to support active participation by all COS team members, including families; and
- How to promote rich team discussions about a child's functioning.
