

The ESC of Northeast Ohio Leveraging AI to Improve Planning: Working Smarter Not Harder

-Cohort 2-

Join us for engaging sessions designed to introduce educators to the power of Artificial Intelligence (AI) in revolutionizing instructional planning. Discover how AI tools across various platforms can save time, enhance creativity, and boost student success. Whether you're an AI novice or looking to expand your tech toolkit, this session has something for everyone!

• Why Attend:

- Save valuable time in planning and resource creation.
- Learn cutting-edge techniques to engage students effectively.
- Stay ahead in the ever-evolving world of educational technology.

• Series:

- This series will include 5 total sessions:
 - 4 virtual sessions via Zoom
 - 1 in-person session
- The in-person session will be offered twice on May 20, 2026 - choose either the AM or PM session.
 - The in-person session will build on the content covered in the virtual sessions.

• Participation:

- Each session will build on the previous session, and participation in the full series is highly encouraged to maximize your learning experience.

• Special Bonus:

- Participants who attend the series will receive access to the beta version of *SchoolJoy*, a cutting-edge AI tool designed to enhance your instructional planning experience.

Virtual Series Dates:
