OVERVIEW

SEPTEMBER 9

SESSION 1: BUILD AWARENESS

Discover what exactly executive skills are. Learn when and how they develop according to current brain research. Understand how they impact your teaching and your students' learning.

OCTOBER 24

SESSION 2: ASSES AND TEACH FOUNDATIONAL SKILLS

Define foundational skills, including when and how to teach them through classroom expectations, routines and modeling. Develop an action plan for your students.

DECEMBER 4

SESSION 3: ASSESS AND TEACH ADVANCED SKILLS

Define advanced skills, including when they develop and how to teach them through routines, modeling and coaching. Develop and monitor your action plan for your students.

JANUARY 22

SESSION 4: APPLICATION & PROBLEM-SOLVING

Refine your practice by analyzing scenarios and discussing practical examples and strategies related to your role. Evaluate and adjust your action plan.

FEBRUARY 19

SESSION 5: INDIVIDUAL SUPPORTS, EVALUATIONS, AND IEPS

Learn to individualize supports and how to incorporate executive skills assessments and impactful interventions into Evaluation Team Reports and Individual Education Plans.
