OVERVIEW

SEPTEMBER 8

SESSION 1: BUILD AWARENESS

Discover what executive skills are. Learn when and how they develop according to current brain research. Understand how they impact your teaching and your students' learning.

OCTOBER 6

SESSION 2: EMBED EXECUTIVE SKILLS INTO TIER 1 INSTRUCTION

Learn when and how to teach executive skills through classroom expectations, routines and modeling. Develop an action plan for your students.

NOVEMBER 10

SESSION 3: INDIVIDUALIZE SUPPORTS

Learn evidence-based strategies for providing small group or individualized supports for students with executive skill needs.

DECEMBER 15

SESSION 4: INTERVENTIONS, EVALUATIONS, AND IEPS

Continued focus on individual supports, and how to incorporate executive skills assessments and interventions into Evaluation Team Reports and Individual Education Plans.

Exact sequence of topics in series will be based on the needs of the group. Each session will include opportunities to refine your practice by discussing practical examples and strategies with your peers!
