

SST3 Assistive Technology Network

October 20, 2016

December 6, 2016

March 20, 2017

1:00 p.m.—3:30 p.m., Sign-in begins 12:30 p.m.

The State Support Team Region 3 Assistive Technology Network is an ongoing networking and sharing opportunity. Participants determine the topics and direct the discussions so your participation and engagement is critical! We will continue to focus on the use of technology of all types to support students with disabilities and the educators who work with them. There may be a brief vendor presentation at the beginning of the meeting, or a presentation on a focus topic which will be followed by networking and sharing time. In the past we have discussed augmentative communication devices, eyegaze access to computers and communication devices, access and accommodations to Ohio's online assessments, switches, iPad access and apps, and much more! Let's learn together by sharing successes, getting new ideas and problem-solving struggles.
