INTRODUCTION
Attendance Data Dashboard

What is the Attendance Data Dashboard?

The ESC of Northeast Ohio has created an Attendance Data Dashboard to support district efforts to reduce Chronic Absenteeism.

- Provides regularly updated attendance data to districts/buildings.
- Uses the same data visualization platform as the OST Data Dashboard.
- Promotes a preventive approach to implement early interventions.

Cost

No Charge*

Registration Information

Use the links below to register for an overview session showcasing the dashboard. Zoom will provide you with the link to the session upon registration.

Chronic Absenteeism Categories by Grade

Wednesday, April 10, 2024, 9:00 a.m. – 10:00 a.m.
Thursday, April 11, 2024, 1:00 p.m. – 2:00 p.m.

Interest Form

If this flyer is enough to pique your interest, please have a district leader complete this **Attendance Data Dashboard Interest Form** and we can build your report now!

This session will also include practical strategies addressing how to use the data to intentionally select appropriate interventions for implementation.

Through June 30, 2024, DEW is funding attendance-related work provided by Regional Data Leads (RDL's) credentialed in Understanding and Using Assessment Data for Improvement.
