

Northeast Ohio Business Advisory Council

October 10, 2018

Join the ESC of Northeast Ohio to see firsthand the 166 welding & cutting booths at the state-of-the art training center at Lincoln Electric.

You have probably heard the "buzz" about the \$30 million Welding Technology and Training Center opened in Euclid, Ohio by Lincoln Electric. This huge financial and personnel commitment by the company is an effort to create a workforce that can help meet the need for 30,000 new welders annually to replace those retiring and those created by new positions.

Lincoln Electric is an American multinational and global manufacturer of welding equipment, welding consumables, plasma and oxyfuel cutting equipment and robotic welding systems.

If you wish to learn more about Lincoln Electric before the meeting, visit the website www.lincolnelectric.com

Time:

9:00 a.m.—11:00 a.m.

Location:

**Lincoln Electric Welding Technology
and Training Center**
22800 St. Clair Avenue
Cleveland, OH 44117
216-481-8100

The Lincoln Electric Welding Technology & Training Center (WTTC) is a 130,000-square-foot, state-of-the art facility on our Euclid, Ohio campus that is dedicated to training educators, industry leaders and skilled trade workers in the craft and science of welding. As an internationally recognized foundation for the development of best practices in welding education, the WTTC features 166 welding and cutting booths, a virtual reality training lab, a 100-seat auditorium and extensive seminar and welding classroom space to advance technical skills.
