To see and discuss blended learning in action, our meetings will involve on-site visits with flexible times to districts implementing blended learning in a variety of ways. Between site visits, we will engage in online reflection combined with face-to-face discussions about our observations and how we can take the best of what we see and integrate those strategies into our own practices.

Our group will meet in October, February, and April.

Registration is online at www.esc-cc.org/
