

Verbal Intervention (with disengagement skills)

What is the Crisis Prevention Institute?

Crisis Prevention Institute (CPI) teaches professionals the skills to identify, prevent and de-escalate crises in the workplace. With distinct levels of training, CPI offers solutions for every role and risk level, in every organization.

This session is focused on the specific options available to support the PBIS training requirements in Ohio Administrative Code 3301.

WHAT:

- Verbal Intervention training (without disengagement skills) equips staff with de-escalation skills and non-restrictive intervention techniques, giving them the confidence and competence to manage escalating behaviors. *This session also introduces principle based skills for responding to various levels of physical risk behavior.*

WHO:

- This program is ideal for facilities and roles with hands-off policies, or for staff that *may* experience situations that warrant physical interventions.

COST:

- \$100.00 per person (includes cost of \$40 manual)
