

# LITERACY IN ACTION NETWORK

School districts today are charged with keeping students engaged in an ever-changing climate where curricular expectations continue to be more rigorous. The life of a literacy leader is not easy, and there are many tasks on your plate. This series offers area literacy leaders the opportunity to hear relevant information and ODEW updates, share best practices, and discuss an Integrated Multi-Tiered System of Supports and Implementation (IMTSS).

**Multi-Tiered  
System of  
Supports**

**Shared  
Leadership**

**Networking**

**DEW Updates**
