AND ADMINISTRATORS**

MESSAGE TO DISTRICTS

If your district followed the original state guidance by having K-3 teachers complete the Introduction to Dyslexia Course AND you plan to have your teachers complete Pathway B (abbreviated path) of the Ohio's Introduction to the Science of Reading, these sessions are a good fit for your district. Any teacher, intervention specialists, new hire, or administrators from your district can join us for 4 days of facilitation to ensure they have the same foundational learning as the rest of your teachers and are ready to complete your districts professional development plan for completing Pathway B in the Ohio|ID Learning Management System.
