

Early Childhood Classroom Management Presenters: SST 3 Consultants

Description:

During this 3-day series, participants will learn how to promote young children's social-emotional development within the context of their existing PBIS framework (Tier I) utilizing the CSEFEL (Center on the Social and Emotional foundations for Early Learning) model. The text by Kaiser and Rasminsky-*Challenging Behavior in Young Children: Understanding, Preventing and Responding Effectively*, elements of Conscious Discipline, and evidence-based practices will inform these sessions. The first 35 participants to sign up will receive a copy of the text.

Facets of the modules include:

- building relationships
- creating supportive environments
- social-emotional teaching strategies
- determining the meaning of challenging behavior
- developing behavior support plans

Attendees will have opportunities to use materials and apply new strategies in their classrooms and then return for discussion to share experiences, brainstorm solutions, and hone skills. Participants will develop effective Tier I classroom practices as part of program-wide PBIS.

Dates:

Registrants must attend all three dates:

October 4, 2019
October 18, 2019
November 8, 2019
