**State Support
Team**

The Early Childhood Special Education Itinerant Network is designed to provide a forum for individuals who serve young children with disabilities itinerantly to join together to discuss the challenges and successes that are inherent in the Itinerant Service Delivery Model. In this supportive environment, participants will learn from each other as they share stories, problem solve, and explore current evidence-based strategies while striving toward improving their coaching and consulting skills. The Inclusion Toolbox and A Guide to Early Childhood Special Education Services will be used as resources for our work.

Audience:

Early Childhood Itinerant Teachers and Related Services personnel who serve young children itinerantly. Early Childhood Administrators/Supervisors are welcome to join in.
