The Educational Service Center of Cuyahoga County is now offering monthly EMIS support workshops through its new office of Online Programs and EMIS data support. As EMIS reporting has become much more complex, we recognize the need for information and support to be made available regionally. We hope to provide guidance and support as well as a forum that fosters intelligent dialogue and exchange of ideas of current practices across Ohio. These workshops will held on the dates indicated and topics will focus on current events that are germane to EMIS reporting. EMIS personnel may also submit suggestions for topics of discussion 2 weeks prior to each event for consideration.
