

EMIS ACADEMY

2018-2019

The Educational Service Center will be launching a new initiative called **EMIS Academy** through its new office of **Online Learning and EMIS Data Support** in partnership with **Connect Information Technology Center**.

EMIS Academy was designed as an opportunity for school districts to identify individuals who are interested in becoming EMIS Coordinators. EMIS has become extremely complex and requires dedicated individuals with experience to ensure accuracy in data quality and funding. This initiative offers a year-long course whereby participants not only get instruction on all aspects of EMIS reporting, but receive hands-on experience in the midst of a full EMIS reporting cycle.

The classes will be facilitated by experienced EMIS professionals who understand current EMIS practices as well as providing context to its evolution over the last 20 years. Most classes will be held weekdays, however some evenings and weekends may be required. Once complete, individuals will be able to understand and perform all tasks associated with EMIS reporting with certification and continued support through the ESC.

Classes begin September 25, 2018!

Dates (subject to change):

September 25, 2018
October 12, 2018
October 23, 2018
November 7, 2018
November 27, 2018
December 18, 2018
January 16, 2019
January 29, 2019
February 7, 2019
February 19, 2019
March 7, 2019
March 19, 2019
April 10, 2019
