

ETR, IEP and LRE Determination in Early Childhood

November 6, 2023 & January 22, 2024

This series was developed to augment SST3's ETR and IEP Best Practices series. Designed for administrators, supervisors and leadership teams that support preschool, this series offers a deeper dive into compliance and best practices regarding ETRs, IEPs and determining the least restrictive environment (LRE) at the early childhood level. Additionally, transition from early intervention, special education indicator 12 and the Interagency Agreement in Cuyahoga County will be addressed. Reviewing the Universal Preschool ETR and IEP support on the ODE website is recommended prior to attending the series.

Location:

Educational Service Center
Essex Place
6393 Oak Tree Blvd.
Independence, OH 44131

Time:

9:00 a.m.—12:00 p.m.
