**State Support
Team**

This session is designed for early childhood (PK-grade 2) program/building teams. Over the course of the multi-day series, participants will build and design an early childhood PBIS framework through the implementation of the core components of Positive Behavior and Intervention Support (PBIS) at the Universal (Tier 1) level. This series addresses the unique context of early childhood (PK through grade 3) while assisting with the alignment to school-aged PBIS. SST 3 and ESC consultants will provide support with the implementation and evaluation of adult fidelity to the framework. Teams need to be prepared to meet at least monthly outside of the PD sessions. As space permits, there will be consideration for including new members who have joined existing PBIS leadership teams. Optional Ohio Approved credit for 3 hour work sessions is available.

This session is by request only. Please email Kathy Jillson if you are interested in this session at kathy.jillson@escneo.org.
