

Teaching Creativity: Gifted Series

Open to all educators ~ Qualifies for Gifted HQ PD

November 14, 2023

Ignite a Spark of Creativity in your Classroom

"Creativity is now as important in education as literacy, and we should treat it with the same status."

Sir Ken Robinson

This session will present basic principles and research underlying creativity, along with strategies and resources that will empower you to integrate creativity into your teaching practice. Transform your K-12 classroom into a responsive learning environment that promotes openness to experience, playfulness, curiosity, risk-taking, imagination, and wonder. Join us and find your Creative Spirit!

LOCATION

ESC of Northeast Ohio
6393 Oak Tree Blvd.
Independence, 44131

TIMES

Sign in 8:00-8:30 A.M.
Program 8:30-3:30 P.M.

Graduate credit is available at an additional discounted rate for participants attending all 3 workshops.

Artful Integration Using the Arts to Enhance Learning

Research studies conclude there is a strong positive relationship between integrating visual art, music, movement, drama, and literacy into the curriculum and students' academic success. Our Arts Integration Taxonomy (Experience, Connect, and Immerse) will inspire K-12 participants to energize their curriculum and provide creative opportunities for students to construct meaningful life experiences.

ONLINE REGISTRATION IS REQUIRED FOR EACH SESSION.

Think, Create, Solve Empower Your Students Through Creative Problem Solving and Design Thinking

The Economic Forum and Partnership for America's Future identify Creative Problem Solving as one of the top skills in today's workplace. This engaging session will present the steps of the Creative Problem Solving process and supporting skills such as communication, collaboration, critical thinking, and creativity. Strategies to integrate this process, Design Thinking, and authentic Service Learning projects into K-12 content areas will be experienced.
