

Flexible Learning Institute 2018-19

*Thinking, Creating,
Designing and Making*

You've explored MakerSpaces, Fablabs,
and Mobile Learning Labs. Take the
next steps to transform teaching
and learning in your district.

ESC OF NORTHEAST OHIO FLEXIBLE LEARNING INSTITUTE

This innovative series will engage individual educators or district teams of 3 to 4 administrators, teachers, and staff as they navigate "maker learning" and other creative, flexible approaches for transforming teaching and learning.

Facilitators will lead participants in the cultural and transformative processes necessary to remake teaching and learning environments. Participants will engage in practical, relevant, hands-on, equitable learning practices appropriate for individual and district needs.

*For optimal engagement and impact,
participants should attend **all** sessions.*

Series Dates/Times/Locations

Sessions are held at the ESC of Northeast Ohio except Session 3 held at district sites.

Session 1: Oct. 22, 2018 1:00-3:30 p.m.
