

Prevention and Early Intervention Instruction for Grades Pre-K-3

Wilson Foundations® Level Workshop

Foundations provides a research-based supplemental (Tier 1) and intervention (Tier 2) program for students in kindergarten through third grade. Each workshop addresses a specific level (K, 1, 2, or 3). The Foundations Level Workshop provides a practical, how-to overview of the Foundations program. This six-hour workshop prepares teachers beginning to use the program and is also appropriate for reading support personnel.

Workshop Topics

- Underlying principles of Foundations
- How the Foundations daily lesson plan and activities address the five areas of reading, teach the principles of language structure, and incorporate direct, multisensory methods
- Practical guidelines for implementation
- Participants write lesson plans and practice lesson activities for a particular Foundations level
