15 Hours

1 graduate credit hour at a reduced rate available through Ashland University

We will read and discuss the book, *Differentiation for Gifted Learners: Going Beyond the Basics*, by Diane Heacox Ed.D. & Richard M. Cash Ed.D.

Through this book study, educators will be able to differentiate by increasing rigor and depth for all advanced and gifted learners to fulfill their potential in the classroom with proven strategies and gained knowledge.

This course will be online in an asynchronous learning format. Google Classroom will serve as the platform for the reading responses, discussions, and submission of the final project.

This course consists of seven reading assignments from the text and reading response posts.

You are expected to respond to at least two posts from your classmates after posting your initial reading response before or on the assigned due date.

A final project is due at the end of the course, however, your project can be started at any time during the course.
