

The ESC of Northeast Ohio Presents...

LAYING THE FOUNDATION: BUILDING AN INTEGRATED MULTI-TIERED SYSTEM OF SUPPORTS (IMTSS)

Presenters: Amanda Nowak, Meghan KanagaRaj and Vickie Lewis

This session introduces educators to Ohio's Integrated Multi-Tiered System of Supports, the state's framework for delivering effective, data-informed academic and non-academic supports to all students. Participants will learn the key components of the ODEW model— Universal Screening, Data-Based Decision Making, Continuum of Supports, Progress Monitoring, Team-Based Problem Solving, Shared Leadership, Professional Capacity, and Communication and Collaboration—and how these elements work together to meet the needs of students who are below, at, or above grade-level expectations.

In the morning, teams will explore how to begin creating a coherent local IMTSS that is aligned with the state framework. The optional afternoon work session provides teams with time to begin organizing their systems and action plan for next steps with facilitator support.

This PD is designed for IMTSS Teams: District and building leaders, teacher leaders, and support staff involved in academic and non-academic intervention implementation.
(i.e. PBIS team, RTI/IAT team, attendance team)

\$50 registration fee includes a copy of "The MTSS Start-Up Guide" by Jennifer Djabrayan Hannigan and John E. Hannigan.
