

Developing a Curricular Blueprint with Teacher Based Teams

Introduction Session June 5th 9:00-11:30 (admins only)
Follow-up Sessions Sept. 20, 21, Nov. 29, 30, Jan. 23, 24

In this Institute, we'll apply the principles and practices of Jay McTighe's *Understanding by Design* and *Schooling by Design for transforming the Standards* and "21st century skills" of critical and creative thinking,

collaboration and wise use of technology.

- Creating a "blueprint"
- "Unpacking" standards to identify conceptually big ideas and transfer goals
- Generating essential questions that spiral across the grades;
- Creating recurring cornerstone assessment tasks and companion rubrics that integrate 21st Century Skills with academic content;
- Curriculum Mapping 3.0

Teacher based teams will work together to develop cornerstone tasks linked to essential questions embedded in the principles of UDL.

Location:

ESC of Cuyahoga County
Essex Place
6393 Oak Tree Blvd.
Independence, OH 44131

Cost:

\$425 per person
