

Working Together: Attendance Law Updates & School–Court Partnership

Join representatives from Cuyahoga County Juvenile Court for an informational session on how updated attendance laws impact truancy filings. Designed for educational staff, this session will focus on supporting students at risk of chronic absenteeism and truancy through early intervention. Participants will gain insight into current legal expectations and explore strategies for strengthening collaboration between schools and juvenile court to improve student attendance.

Public and Chartered Nonpublic Schools should be in attendance as Ohio law applies to both educational agencies.
