

2025-2026 NEO Regional Prisms VR Network

The NEO Regional Prisms VR Network meets twice during each school year for half-day collaborations at the ESCNEO. The audience consists of Mathematics educators, Science educators, and curriculum specialists who want to stay abreast of new content in Prisms VR modules, share lessons learned in classroom implementation, explore the student experiences and teacher dashboards, and access the proliferating ancillary lesson resources. Experts from Prisms VR will be available once a year to answer questions, one face-to-face and one virtually. We encourage educators from the nine pioneering districts in NEO as well as other interested regional Math and Science educators to attend the network meetings and stay abreast of new content and product releases. New content will be released in July 2025, with 35 new Math and Science modules and/or mini-modules, and in January 2026, with 33 new modules and/or mini-modules, including the introduction of CTE themes.

Meetings

8:30 AM - 12:00 PM (Network)

12:00 PM - 3:00 PM (Training)

October 31, 2025 & May 18, 2026

**Advance Registration is
requested**
