NORTHEAST OHIO SCIENCE SPECIALISTS (NEOSS) NETWORK

We launched the NEOSS Network in late September 2016 at the Educational Service Center of Cuyahoga County (ESC-CC), and met again in mid-November. Participants are helping to define the mission of this third disciplinary network at the ESC-CC; Literacy and Mathematics Specialists Networks also operate there. The NEOSS Network is largely composed of Science educators, instructional coaches, and curriculum specialists.

We are thrilled to announce Modeling Instruction as the primary focus of our third meeting, which will be held from 9:00 AM until 3:00 PM, Wednesday, 3/1/17, at the ESC-CC. Two area educators, Holly McTernan (St. Edward High School) and Jeremy Secaur (Elyria High School), will facilitate an experience focused on Physical Science. Modeling Instruction can be applied to any Science discipline, and we will provide time to also discuss these applications.

Register online at http://www.esc-cc.org/protected/MasterCalendar.aspx?dasi=&e=&g=&vs=13&d=18,4TZci,2TE&.

This event is co-hosted by Bob Glavan (ESC-CC Mathematics and Science Curriculum Consultant) and Amy Roediger (Mentor High School Science teacher, instructional coach, and recent recipient of the President Award for Excellence in Mathematics and Science Teaching).
