

Ohio Evaluation System MythBuster: debunking urban legends by getting to the data

- What do I need to know about the Ohio Teacher Evaluation System?
 - How does assessment literacy play into OES?
- What does your district assessment inventory reveal?
- What does a high quality assessment tool look like?
 - How do I use my data?
- What are evidence based practices/strategies?
- How do principals receive support with the rubric?
 - Who is an "expert"?

Per SB 216, the Ohio Teacher Evaluation System will change beginning with the 2020-2021 school year. The full day session will build awareness around the Ohio Teacher Evaluation System Framework, Model and Rubric. This full day will allow teams to look at their district assessments to discover where potential gaps are in relation to High Quality Student Data, answer questions, develop talking points, and raise awareness. All three sessions contain the same content, register for the date that is most convenient. Consultants from each ESC will be present at each event.
