

OPES 2.0 Evaluator Network 2023 - 2024

This network is intended to assist with the implementation of OPES 2.0. Each session will begin with a timely learning opportunity and then serve as an opportunity for evaluators across several counties to develop best practices for evaluations and collaborate on common themes, resources, and needs for the implementation of OPES 2.0. Participants may join every session or only those that meet their learning/scheduling needs.

Format

All sessions will be offered via Zoom. The first 30 minutes will cover a trending topic, update, or timely need related to OPES 2.0. After that, the session is open to participants to network, ask questions, seek advice, share ideas, and learn from each other. All sessions will last for 60 minutes in order to allow for time to support rich conversations and dialogue.

Registration

These sessions are free of charge. However, registration is required prior to each session in order to receive access to the Zoom link. Participants can choose to attend one, a few, or all sessions.

Virtual Sessions (23-24 Academic Year)
