The Educational Service Center of Cuyahoga County will be hosting a half-day professional development opportunity designed specifically for school counselors. Participants will learn about the Ohio School Counselor Evaluation System (OSCES). The school counselor will leave with a deeper understanding of the components of the evaluation system as well as having an opportunity to practice writing SMART goals and metrics. The session will include samples of effective practice and recommendations regarding the implementation of the counselor evaluation. A portion of this training will focus on the Electronic Teacher/Principal Evaluation System (eTPES).
