

OTES 2.0 Bridge Training

The Ohio Teacher Evaluation System 2.0 Bridge Training is required for existing OTES 1.0 credentialed evaluators to address shifts with OTES 2.0. Bridge Training is a pathway that leads to OTES 2.0 re-credentialing with the objectives of:

- 1.) Promoting an understanding of the procedures within OTES 2.0 and how they differ from OTES 1.0.
- 2.) Promoting an understand and application of the OTES 2.0 teacher performance rubric while learning to collect evidence that demonstrates teacher performance.
- 3.) Applying lessons learned and best practices from OTES 2.0 implementation to date.
- 4.) Learning about and identifying High Quality Student Data (HQSD).

Upon completion of the OTES 2.0 Bridge Training evaluators (participants) may re-credential through the new on-line credentialing system. The OTES 2.0 Bridge Training will provide a better understanding of the OTES 2.0 Framework and Model, allow practice of skills and allow for sharing of resources and best practices in educator evaluation.
