

OTES 2.0 Training

The Ohio Teacher Evaluation System (OTES 2.0) Evaluator Training will prepare an evaluator of teachers, as defined by the role you serve in a Local Educational Agency (LEA), for effective, high quality and consistent staff evaluation using the OTES 2.0 Model. To become a credentialed evaluator of teachers in the State of Ohio, an individual must be properly licensed, or LEA approved as a peer evaluator, participate in the three-day state-sponsored evaluator training and pass an on-line credentialing assessment. Upon successful completion of the training (attendance for all three days of the training is REQUIRED), participants will have access to the on-line assessment. The three-day state sponsored OTES 2.0 training will provide a better understanding of the OTES 2.0 Framework and Model, allow practice of skills such as scripting, evidence analysis/categorizing, coaching, data conversations and allow for sharing of resources and best practices in educator evaluation.
