Overview

OTES 2.0 is the state mandated evaluation tool for all Ohio teachers. This network is designed to help support OTES evaluators with the implementation, calibration, and technical details of the system.

Format

All sessions are 30 minutes in length and will be held via Zoom.

Sessions are typically held the third Thursday of each month from 9:30 - 10:00.

While these sessions are free, all attendees must register in advance in order to obtain the Zoom link.

Participants may sign up for sessions independently or for the entire series.
