Get Educated
- 2 **Signs of Drug Opioid Use**  
Learn the Signs
- 3 **Impact on Community & Tools to Help**  
Effects on Youth and Family

## Opioid Addiction Among Youth

Our nation is in the midst of an unprecedented opioid epidemic. More people died from drug overdoses in 2014 than in any year on record, and the majority of drug overdose deaths (more than six out of ten) involved an opioid. Prevention, treatment, research, and effective responses to rapidly reverse opioid overdoses are critical to fighting the epidemic and is a top priority for the U.S. Department of Health and Human Services (HHS).
