The State Support Team—Region 3 PBIS Network is an ongoing networking and sharing opportunity for educators implementing PBIS in our region (Cuyahoga County). The purpose of this network is to help schools to implement and sustain Positive Behavioral Interventions and Support (PBIS) in order to establish positive school climates for students and staff, leading to improved academic performance and safety.

This network will provide an opportunity for PBIS schools to receive technical assistance and support from SST-3 staff, and to learn from and share information with other school staff who are implementing PBIS.

Network members will have access to the SST-3 PBIS Leadership website where they can gain access to materials produced by the Ohio PBIS Network and share locally developed tools and resources.

Audience: The PBIS Leadership Network is meant for key PBIS team members and educators who have been previously trained in PBIS.
