This is a three part series on School-Wide Positive Behavioral Interventions and Support (PBIS) for new teams. Over the course of the three days participants will:

1. Identify the priority status of a PBIS approach within their district and building plans;
2. Learn about the core components of PBIS and the procedures for establishing a universal level of PBIS;
3. Discuss and select a method of data collection and analysis for monitoring the impact of PBIS;
4. Develop action steps for establishing or refining expectations for behavior within the district or building
5. Share information about successes and challenges regarding their implementation of PBIS within their buildings
6. Plan an approach for teaching expectations, encouraging expected behaviors and discouraging problem behaviors;
7. Design the basic components of a plan for monitoring implementation and progress of the PBIS approach in their buildings;
8. Outline strategies that the PBIS/Behavior team can use to roll-out plans with the staff in the buildings.

This series is open to building and/or district teams only and **must** include one administrator. Teams will be expected to implement School-Wide PBIS within their districts.

Attending teams must sign the Ohio PBIS District Agreement Form and submit it with the registration form to Yvonne Daycak.

Ohio Schoolwide Positive Behavior Interventions and Support

Thank you for your interest in School-wide Positive Behavior Support (SWPBS). The following information will help answer your questions about SWPBS implementation in your school and district.

What is SWPBS?

PBIS is a schoolwide systematic approach using evidence-based practices and data driven decision making to improve school climate and culture; to achieve improved academic and social outcomes; and to increase learning for all students. It encompasses a wide range of systemic and individualized positive strategies to reinforce desired behaviors, diminish reoccurrences of challenging behaviors and teach appropriate behaviors to students.

Getting Started with SWPBS....

Contact your SST for information related to readiness, commitment, and training. We recommend that the district/school teams review the PBIS resources on the Ohio Department of Education website for an overview of PBIS. The overview provides an introduction to the fundamental elements, principles, guidelines of SWPBS.

Who Needs to Be Involved....

Commitment and support begins at the district level and district leaders need to be informed and dedicated to the implementation of SWPBS. Building administrators are expected to be actively involved in implementation along with a building team.

A PBIS Team is comprised of a broad representation of 5-10 staff members including: building administrator **(required)**, general education teachers with grade level representation, intervention specialists, related service providers, specials teachers, para-educators, and family members.

What's Next....

The materials contained in this packet are used by you and your regional consultant to prepare your school for confirmation of your agreement and continued training, implementation, and support. Commitment, readiness, and planning are integral parts of the process to support the successful implementation of SWPBS.

Thank you for your interest and ongoing effort as you continue to pursue safe and effective learning environments for your staff and students.
