

PBIS Tier I Overview: Supporting the Behavioral Health Needs of the Whole Child (School-Aged)

September 22, 2023

This session provides information and discussion on Positive Behavioral Interventions and Supports (PBIS) as a decision-making framework that is implemented to meet the needs of the whole child and the family. PBIS promotes a safe and supportive school environment. Intended outcomes from the establishment of this framework include a reduction in challenging behavior and improved social/emotional competencies and academic performance. This content is designed to meet the requirements of the revised restraint and seclusion rule's 3-year PBIS PD requirement for all personnel (formerly HB 318.)

Audience: Personnel who work in preK-12 settings.
