

# Integrating Tier II Supports into the PBIS Framework

January 30, 2018 and  
February 16, 2018

- **Are you implementing SW-PBIS (Tier I) interventions with fidelity, but still have students who are not responding?**
- **Does your school's data reveal the same students are consistently being referred to the office for behavior?**
- **Are you looking for integrated strategies for these students to utilize within a classroom setting?**

If so, this professional development might be for you!

PBIS Tier II interventions are integrated strategies and procedures to support a group of students who display similar needs and have not responded well to school-wide (Tier I) behavioral expectations. Tier II interventions are only effective when schools have a strong foundation of school-wide (Tier I) positive behavioral interventions and support (SW-PBIS). During this two day series teams will build a framework of evidence based Tier II interventions ready for implementation.

**It is required that teams have evidence that PBIS Team Member(s) have attended and shared information from the PBIS Classroom Management PD with building staff; and have a minimum Tier I TFI score of 70%**

Audience: PBIS teams currently implementing SW-PBIS Tier I (administrator, teacher(s) school psychologist, school social worker, guidance counselor, parent representative, mental health provider). **Teams must include a representative from the Tier I School-Wide PBIS team.**

Registration: Please send completed registration form to Yvonne Daycak

**Location:** ESC of Cuyahoga  
County  
Essex Place  
6393 Oak Tree Boulevard,  
Independence, OH 44131

**Time: 9:00 am - 3:30 pm**  
**(registration at 8:30 am)**

**PD Contact Hours:**  
**11.0**
