

PBIS Tier II
November 15, 2022
OR
March 21, 2023

This one day training is designed for those that are currently implementing Tier I practices with 70% implementation on the Tier I Tiered Fidelity Inventory.

Positive Behavioral Interventions & Supports is a broad range of systemic and individualized strategies for achieving important social and learning outcomes in school communities while preventing problem behavior.

Secondary interventions are targeted interventions designed for students who need additional supports beyond (yet in combination with) universal-level interventions. Secondary interventions are implemented in a standardized approach, which means key features of the intervention look similar across all children receiving the intervention. This training is designed for teams to implement PBIS Tier II strategies as part of their school improvement efforts.

Audience: This one day training is designed for members of a PBIS Leadership Team that are currently implementing Tier I practices with 70% implementation on the Tier I Tiered Fidelity Inventory.
