

# Principal Champions: Equity for All 2024-2025 Series

## Series Purpose

This series is designed for building leaders responsible for improving learning experiences and outcomes for **ALL** students.

1. We will explore multiple data sources to identify: who are the struggling learners in my building?
2. We will build capacity in the navigation and use of relevant data sources that provide disaggregated data by subgroup.
3. We will explore daily and long-term decisions to improve learning experiences and outcomes for students.

To make the most of this series and ensure that everyone benefits fully, we kindly request that participants commit to attending all three sessions. Together, we'll navigate this journey as the school year progresses.
