

2023-2024

NEO Regional Prisms VR Network

The NEO Regional Prisms VR Network meets twice during each school year for half-day collaborations at the ESCNEO. The audience consists of Mathematics educators, Science educators, and curriculum specialists who want to stay abreast of new content in Prisms VR modules, share lessons learned in classroom implementation, explore the student experiences and teacher dashboards, and access the proliferating ancillary lesson resources. Experts from Prisms VR will be available to answer questions, once face-to-face and once virtually. Middle-school Math and Advanced Math modules were released in January and February 2023. By the end of summer 2023, there will be new modules in middle-school and high-school Science (Biology, Chemistry, and Physics), so Science educators will become part of this interactive network for the 2023-2024 school year.

**Meetings
8:00 AM - 12:00 PM**

**November 1, 2023
May 14, 2024**

**Advance Registration is
requested**
