

STRATEGIES FOR IMPROVING STUDENT THINKING IN THE MATH CLASSROOM

Are you interested in learning about how to turn your mathematics classroom into an environment ripe for thinking? This series of five (5) PD sessions will focus on a set of strategies any K-12 math teacher can use to help students become independent thinkers. The sessions will reference the book *Building Thinking Classrooms in Mathematics*. The book is Grant Funded for any participants that don't already have it!

COHORT 3

WHO

K - 12 Math Teachers
