Trauma and Young Children: Teaching Strategies to Support and Empower. These sessions will offer opportunities to explore researched information on types of trauma and the effects it has on children and the teachers that support them. We will learn and discuss the effects on the brain and strategies to help students overcome and move forward to learning and engagement.

First 20 participants will receive a free book. Either pick up at ESC or mailed to them upon registration.

Audience: Teachers, EC administrators, paraprofessionals.
